

Exhibit A

The messages in yellow were sent to the defendant and the grey messages were the defendant's responses.

7/3/2020 15:33		Haven't found. Potassium permanganate in lab
7/3/2020 15:33		figured, nbd.
7/3/2020 15:33		There's potassium nitrate tho
7/3/2020 15:33		!!!
7/3/2020 15:33		bet we can order more through bps?
7/3/2020 15:33		Might not want to use it tho. Too pure. Narrows it down way too much but we can test for sure
7/3/2020 15:33		If there's an arson investigation. That shit comes out. Much less available than stump remover
7/3/2020 15:33		idk if they can at wll guage purity of components
7/3/2020 15:33		The dirtier the better. Depends on how much they want it δÿ",
7/3/2020 15:33		It's just 2 components
7/3/2020 15:33		They can mass spec that shit. Again, depends on who is doing the analysis too. We can def use it tho. Probably works better lmao
7/3/2020 16:02		for sure works better. how much do we have?
7/3/2020 16:02		plus we can make it dirty ourselves
7/3/2020 16:03		just literally add some soil and other salts if we want
7/3/2020 16:03		and anyway every lab has kno3
7/3/2020 16:57		K. 300ish g I'd say.
7/3/2020 16:57		grab the whole thing, I can put more in the order form since we're out of it now
