

2025 National Walk *for* Life Weekend

Walker Planning Guide

“A new commandment I give to you... love one another, even as I have loved you...”
- John 13:34

WALK REWARDS

It costs CompassCare \$570 to serve one woman seriously considering abortion.

Infinately valuable. Every human being, from the moment of fertilization, is fully and equally human. And humanity is the glittering crown of God’s creation. Each human, therefore, is not merely created by God, but is uniquely designed to reflect Him (Gen. 1:26). The regal dignity of carrying God’s image means that each and every human is an infinitely valuable treasure—even before we existed.

Here is love: an infinite ransom price was assigned to our account and God in Christ was willing to pay it on the cross, “[rescuing] us from the domain of darkness, and [transferring] us to the kingdom of His beloved Son” (Col. 1:13). This infinite expression of love not only demonstrates the infinite value of the object of that love, but reveals the counter-intuitive manner in which our life continues—self-sacrifice for one another.

Problem: At 73 million per year worldwide, abortion is the greatest crime against humanity in history. With nearly 1.3 million abortions in the U.S. alone, NY is America’s abortion capital. 70% of women said they felt coerced into having an abortion. This means that NY is a sanctuary state—not for women but for abortionists.

Abortion is a mountain of injustice only faith can move. Society permits and even applauds abortion only because it fundamentally misunderstands what it means to be human under God.

Plan: Accept the LifeSaver Challenge by:

- **Educating your community** about the truth that all people, born and preborn, mother and baby, are made in the Image of God, infinitely valued. Host or join a Walk near year as, together we educate more communities through 165 Hosted Walks!
